## I. INTRODUCTION

...

The rest of this paper is organized as follows. We discuss the different architectures in Section II and our research goals in Section ???. The methods we used to analyze this hypothesis are described in Section III, followed by the analysis of the data in Section IV. The threats to validity are described in Section ??, followed by general discussion in Section ??. Finally, we conclude in Section V and give potential research extensions in Section VI.

## II. BACKGROUND

...

## III. METHOD

...

## IV. RESULTS

...

...

## V. CONCLUSION

...

## VI. FUTURE WORK

Possible extensions to this study include mitigating any of the threats mentioned in Section ??, such as ...

Additionally, as mentioned in Section III...
